MONTE-CARLO AESTHETICS

LIVE & PRACTICAL CONGRESS

Dear Friends, Dear Colleagues,

It is our pleasure and privilege to invite you to participate in the MONTE-CARLO AESTHETICS - LIVE & PRACTICAL CONGRESS on 8th and 9th November 2019 at the Grimaldi Forum, Monaco.

MONTE-CARLO AESTHETICS - LIVE & PRACTICAL CONGRESS will feature a highly interactive, stimulating and multidisciplinary program FOCUSED ON PRACTICAL ASPECTS including high impact lectures, video tutorials and live demonstrations.

Delegates will find excellent resources through the program to explore the cutting-edge developments in aesthetics and anti-aging, while discovering a wide range of new ideas and approaches for the most optimal results in their patients.

This conference will be a great opportunity to learn from the best international specialists, to see them on stage, to observe their techniques and to interact with them.

MONTE-CARLO AESTHETICS - LIVE & PRACTICAL CONGRESS Focusing on cutting-edge information with practical application in the disciplines of Aesthetic and Anti-aging medicine, this program is the Largest and Most Interactive LIVE SHOW in Europe!

We look forward to seeing you in Monte Carlo!

WHAT IS "MCA LIVE"

When: November 8-9, 2019
Where: Monaco

MCA LIVE is intended to be the most advanced Aesthetic LIVE Congress in Europe.

All Demonstrations will be made LIVE in front of the audience to deliver the most practical and interactive educational medical Aesthetic event.

MCA LIVE will feature a highly interactive, stimulating and multidisciplinary program FOCUSED ON PRACTICAL ASPECTS including high impact lectures and LIVE demonstrations.

This conference will be a great opportunity to learn from the best Worldwide Experts to explore the cutting-edge developments in aesthetics and anti-aging, to see them on stage, to observe their techniques and to interact with them.

The perfect showcase for industry, with expanding opportunities for networking. Over 100 leading companies in medical aesthetics represented.

WHY ATTEND "MCA LIVE"

Who should attend:

All Physicians with an interest in cosmetic and aesthetic treatments. MCA LIVE is ideal for medical doctors looking to expand their practice and offer patients a wider range of aesthetic treatment options.

You will learn about:

The best techniques for difficult areas of the face

Safety with injectables

Novel combinations, and much more

Clinically related presentations highly focused on practical aspects will include anatomy presentations, videos on practical methods, the choice of products or devices...

CME CREDITS

EACCME[®] accreditation granted by the EACCME

MCA LIVE

The MCA 2019 (Monte-Carlo Aesthetics), Monte-Carlo, Monaco, 08/11/2019-09/11/2019

has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME[®]) with 16 European CME credits (ECMEC[®]'s). Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

Through an agreement between the Union Européenne des Médecins Spécialistes and the American Medical Association, physicians may convert EACCME[®] credits to an equivalent number of AMA PRA Category 1 Credits[™]. Information on the process to convert EACCME[®] credit to AMA credit can be found at www.ama-assn.org/education/earn-credit-participation-international-activities.

Live educational activities, occurring outside of Canada, recognised by the UEMS-EACCME[®] for ECMEC[®]'s are deemed to be Accredited Group Learning Activities (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada.

EACCME[®] CREDITS

Each participant can only receive the number of credits he/she is entitled to according to his/her actual participation at the event once he/she has completed the feedback form. Cf. criteria 9 and 23 of UEMS 2016.20.

In order to help you issue individual certificates to each participant, please find below the breakdown of ECMEC[®]'s per day:

08.11.2019 - 8,00

09.11.2019 - 8,00

The EACCME[®] awards ECMEC[®]'s on the basis of 1 ECMEC[®] for one hour of CME with a maximum of 8 ECMEC[®]'s per day. Cf. Chapter X of UEMS 2016.20.

VISAGE

UNIVERSITY INSTITUTE CERTIFICATE ON AESTHETICS OF THE FACE

PART OF
MCA

8-9-10
NOVEMBER
2019

—
GRIMALDI FORUM, MONACO
& FACULTY OF
MEDICINE, NICE

VISAGE

EXPLAINED

WHAT IS "VISAGE"

VISAGE is a postgraduate training program in aesthetic medicine which combines workshops, anatomy laboratory sessions and hands-on tutorials in a clinical setting.

ACADEMIC VALUE & ACCREDITATION

VISAGE participants will obtain the following:

- Receive a **CERTIFICATE** of participation delivered by an accreditation institution
- Receive a **UNIVERSITY INSTITUTE CERTIFICATE** in anatomy and injections techniques applied to the aesthetic medicine of the face (only reserved for **Visage Academic Pass**)

WHY ATTEND "VISAGE"

"VISAGE" ACADEMIC PROGRAM OBJECTIVES

The participants are expected to gain knowledge & competence in the following:

- Facial anatomy
- Volumetric changes with facial aging (skeletal, muscular, dermal and subcutaneous tissue changes)
- "Best Practice" in facial re-volumization
- Pharmacology of botulinum toxins
- Properties of various facial fillers
- Complications and prevention of injectables
- How to choose fillers for individual aesthetic corrections
- Techniques associated to injections (suspending threads, lipolysis and PRP)
- Interact with leading experts on facial aesthetic treatment
- Strategic aesthetic consultation

How

IT WORKS?

	FULL PASS MCA LIVE + VISAGE (THEORETICAL ONLY)	VISAGE ACADEMIC PASS (THEORETICAL + PRACTICAL)
PRICE - See online registration	From 800 € until 08/11/19	From 1700 € until 08/11/19
DATE & DURATION	2 Days - 8-9 Nov. 2019	3 Days - 8-9-10 Nov. 2019
WHO SHOULD ATTEND?	All practitioners interested in aesthetic treatment of the face	Reserved only for <ul style="list-style-type: none"> • Fully licensed MD • Physicians in course of internship • Dental Surgeons (DDS/DMD) who are legally authorized in their own country to practice "full face" aesthetic treatment with dermal fillers and toxin <i>Justification of qualification and authorization when required is needed</i>
ACCESS TO THEORY PART at Grimaldi Forum (Monaco) 8-9 Nov. - Essential workshop (EWS 1 to 6) <i>Consult detailed program</i>	YES	YES
- MCA sessions - <i>Consult MCA program</i>	YES	YES
ACCESS TO PRACTICAL PART at School of Medicine & Head and Neck Institute, IUFC (Nice, France) with pick-up provided - Anatomy session (9 Nov.)	NO	YES
- Hands-on live injections (10 Nov.)	NO	YES
CERTIFICATION - Certificate of participation with CME credits	YES	YES
- University Institute Certificate (or IUFC certificate) in "Anatomy and injections techniques applied to the aesthetic medicine of the face"	NO	YES - Participants must attend: <ul style="list-style-type: none"> • EWS 1 to 6 • 1 Hands-on session • 1 Anatomy session • Pass the exam
INCLUDED: Coffee breaks & Lunch	YES	YES

VISAGE

UNIVERSITY INSTITUTE CERTIFICATE ON AESTHETICS OF THE FACE

Dear Colleagues,

We are delighted to announce the VISAGE 2019 to take place as a joint meeting and part of Monte-Carlo Aesthetics.

Organized in association with the School of Medicine & Institute of Face and Neck (University of Nice Sophia Antipolis, France), VISAGE offers a unique model of a large scale European Academic event dedicated to teaching and training in aesthetic medicine of the face.

Under the direction of Dr. Philippe Kestemont, Prof. Laurent Castillo, Prof. José Santini and Prof. Patrick Baqué, VISAGE introduces the latest and most efficient techniques in facial aesthetics through an extensive practical program & hands-on training.

VISAGE is a postgraduate training program in aesthetic medicine which combines workshops, anatomy laboratory sessions and hands-on tutorials in a clinical setting. An emphasis is put on practical knowledge and skills as well as sound knowledge of anatomy and physiology of the superficial structures of the face.

Our mission is to base all our teachings on evidence-based applications, safe practices and methodical guidelines to ensure an ethical and accurate representation of the aesthetic medical specialty.

Established under an innovative learning and teaching format, VISAGE will provide medical practitioners with maximum exposure to the scientific, clinical and industry information necessary to introduce non-invasive aesthetic procedures in their practice.

We look forward to welcoming you to VISAGE 2019.

Yours faithfully,

The Scientific and Organizing Committee

SOYEZ JUVÉDERM®

AVEC ALLERGAN, LEADER MONDIAL

SUR LE MARCHÉ DE L'ESTHÉTIQUE FACIALE⁶

1. Notice d'utilisation Juvéderm VOLITE®. 2. Notice d'utilisation Juvéderm® VOLBELLA® with Lidocaïne. 3. Notice d'utilisation Juvéderm® VOLIFT® with Lidocaïne. 4. Notice d'utilisation Juvéderm VOLUMA® with Lidocaïne. 5. Notice d'utilisation Juvéderm VOLUX®. 6. Etude de marché « GNI Facial Aesthetics Market to 2020 » publiée en mai 2014. ALLERGAN est leader en part de marché sur le secteur de l'esthétique faciale avec une part de marché de 58 % en 2013.

La gamme JUVÉDERM® se compose des produits suivants : Juvéderm VOLUMA® with Lidocaïne, Juvéderm® VOLIFT® with Lidocaïne & VOLIFT® RETOUCH, Juvéderm® VOLBELLA® with Lidocaïne, Juvéderm VOLITE®, Juvéderm VOLUX®, Juvéderm ULTRA® 2, ULTRA® 3 et ULTRA® 4, Juvéderm ULTRA SMILE® et Juvéderm® HYDRATE. Ces produits sont composés de gel stérile, apyrogène et physiologique d'acide hyaluronique. Juvéderm VOLUMA® with Lidocaïne est un implant injectable indiqué pour la restauration des volumes. Juvéderm® VOLUX™ est un implant injectable indiqué pour la restauration et la création des volumes du visage. Juvéderm® HYDRATE est une solution indiquée pour l'amélioration de l'hydratation et de l'élasticité cutanée par multi-injections. Les autres produits sont destinés au traitement des dépressions cutanées, à la restauration des volumes du visage et/ou l'ourlement des lèvres. Le traitement par produit de comblement peut nécessiter plusieurs retouches dans le temps pour atteindre la correction souhaitée. Après une injection d'un produit de la gamme JUVÉDERM®, des réactions locales peuvent apparaître de façon immédiate ou retardée, et sont souvent liées à l'injection elle-même : rougeurs, inflammation, érythème, etc., pouvant être associé à des démangeaisons, des douleurs à la pression et des picotements. Ces réactions peuvent persister une semaine. Des hématomes, une induration ou des petites boules (nodules) au point d'injection, une coloration ou une décoloration sur la zone traitée peuvent également apparaître. Des cas d'abcès, de granulome et d'hypersensibilité immédiate ou retardée ont été rapportés après des injections. Des événements indésirables rares mais graves associés à l'injection intravasculaire de produit de comblement dans le visage et à une compression des tissus ont été rapportés. Cela inclut des troubles temporaires ou permanents de la vision, la cécité, une ischémie ou hémorragie cérébrale, conduisant à un AVC, une nécrose de la peau et des dommages aux structures sous-jacentes. La persistance de réactions inflammatoires au-delà d'une semaine ou l'apparition de tout autre effet secondaire doit être signalée par le patient au praticien dans les meilleurs délais qui devra y remédier par un traitement approprié. Tout autre effet indésirable lié à l'injection d'un dispositif de la gamme JUVÉDERM® doit être signalé au distributeur et/ou fabricant et en application de l'article L.5212-4 du CSP à l'ANSM. Les produits JUVÉDERM® sont des dispositifs médicaux de classe III, marqués CE 0459. Ils sont non remboursés par les organismes d'assurance maladie. **Veillez consulter la notice du dispositif médical disponible dans la boîte.**
