TAIWAN DERMATOLOGY
AESTHETIC CONFERENCE

4, 5 & 6 MAY 2018
TAIWAN - TAIPEI
Convention Centre
WELCOME MESSAGE

Dear Colleagues and Friends,

We are pleased to announce the joint collaboration between EuroMediCom and the Taiwan Dermatological Association (TDA), and the Taiwan Society for Dermatological and Aesthetic Surgery (TSDAS) in organizing the first AMWC Asia TDAC alongside the 6th Taiwan Dermatology Aesthetic Conference, taking place on 4-5-6 May 2018, in Taipei, Taiwan.

A partnership between EuroMediCom and TDA allows the organizers of AMWC Asia TDAC to bring the best speakers from Taiwan, Asia and around the world to share their knowledge and skills.

Moreover, AMWC Asia TDAC is strategically located in Taipei - one of Asia’s most advanced and modern cities, with a thriving aesthetics market. The geographical location allows leveraging dynamic growth in both China and Southeast Asia.

AMWC Asia TDAC will be based on top-notch scientific content, including live demonstrations and practical knowledge sharing, that will bring together doctors and aesthetic practitioners from all over Taiwan and the region. AMWC Asia TDAC is poised to become one of the best platforms in Asia for medical aesthetics.

We look forward to seeing you in Taipei.

PRE-CONGRESS COURSES
Friday 4 May

**8:30 - 13:00**

**MOHS SURGERY & RECONSTRUCTION WORKSHOPS**
Conference Room 3 • Level 2
Places limited

**COURSE DIRECTORS:**

![Prof. YANG Jason Chih-Hsun](image)
![Prof. MARINI Leonardo](image)

**Overview:** The incidence of skin cancer has been rising over recent years. Now skin cancer ranks as the eighth most common cancer in Taiwan and also within the top ten in several countries. Mohs surgery is the most effective and advanced treatment for skin cancer available. Mohs surgery has been shown to offer the highest cure rate and the lowest recurrence rate, while sparing the greatest amount of healthy tissue for optimal reconstruction.

For this reason, Mohs surgery has become the single most effective and utilized technique for removing basal cell carcinoma (BCC) and squamous cell carcinoma (SCC), the two most common skin cancers.

**14:00 - 17:30**

**PHLEBOLOGY WORKSHOP**
Conference Room 3 • Level 2
Places limited

**COURSE INSTRUCTORS:**

![Prof. Dr. YANG Jason Chih-Hsun](image)
![Dr. CHANG David Yao-Yu](image)

**Overview:** After an introduction on main principles of phlebology and sclerotherapy of varicose veins detailed information about sclerotherapy of varicose veins is provided. Participants should be able to: describe the anatomy of venous reflux, identify the advantages and disadvantages of various sclerosing agents and foaming technique, approach to leg veins from spider veins to truncal varicosities, and determine the appropriate use of sclerotherapy, laser, phlebectomy, or endovenous ablation for each patient.

Participants will view live demonstrations of patient’s evaluations. Production of sclerosing foam, injection of spider veins and duplex-guided injection techniques will be demonstrated and performed by the participants themselves in a hands on portion with practice pad.

**Level of proficiency:** This course is designed for anyone who is interested!

**8:30 - 17:30**

**COSMETIC SURGERY**
Operation Theatre • TMU Hospital

**Hands-on:** 6 places (Doctors with Taiwan medical license only)
Observers: places limited

WHY TAIPEI?

Symbol of a free and vibrant democracy, Taipei is a fascinating metropolis with several million inhabitants that invites you into a world of amazing contrasts: a mix of the modern and traditional, with a generous dash of energy and friendly smiles. With a strong tendency to adopt the « LOHAS » (Lifestyle Of Health And Sustainability), Taipei is a wonderful city with more than 10,000 aesthetics practitioners, allying business opportunities and a highly-educated population (half of the population speaks English). Apart from advanced medical technology well-known around the world, the city of Taipei also includes a number of important associations and committees of medical aesthetics professionals working together. Moreover, Taiwan has the 3rd largest number of hospitals in the top 200 list, with 14 Taiwanese hospitals appearing on the list. In this unique environment, the AWMC, a must-attend event, benefits from special expertise with a quality Asian approach.

Be one of the 2,500 expected attendees for this first AMWC Asia edition, already known as THE event of the year and make your trip to Taipei a most memorable journey.

VENUE
Located in the heart of Taipei and adjacent to the iconic Taipei 101 (which was at one point the tallest building in the world), TICC is a very central location, with lots of malls and attractions nearby. Taipei International Convention Center (TICC) is located right next to a metro station.

TICC will host the pre-congress courses (Friday 4 May 2018) (Mohs surgery, Phlebology, Advanced injectables workshops) and main Congress (Saturday 5 & Sunday 6 May 2018).
Taipei International Convention Center (TICC)
