ADVANCED COURSE IN GENITAL REJUVENATION & COSMETIC GYNECOLOGY

7:00
REGISTRATION
& BADGING

ROOM VAN DONGEN

9:00
11:00 SESSION 1

- VIDEO: Anatomy and cadaver dissection
- VIDEO: Modern intimate surgery: Indications and techniques
- Hyaluronic acid treatments in female patients
- Hyaluronic acid treatments in male patients
- Penis enlargement surgery
- Hymenoplasty and sexual mutilations

11:30
13:00 SESSION 2

- **Regenerative medicine in genital rejuvenation**
 - PRP treatments
 - Nanofat treatments
 - Stem cell treatments
- **Tissue physical induction**
 - Radiofrequency and vaginal laxity
 - Laser & FDA for genital treatments
 - Carboxytherapy
 - Other treatments in vulvo-vaginal area

14:00
16:00 SESSION 3

- **LIVE:** HA injections in vulvovaginal rejuvenation
 - Vaginal dryness
 - Labia majora augmentation
 - G-spot amplification
- **LIVE:** Laser in genital treatments
- VIDEO: HA penoplasty
- **LIVE:** Carboxytherapy
- **LIVE:** Genital radiofrequency
- **LIVE** or VIDEO (TBC): Vulvovaginal bleaching
- **LIVE:** LED therapy in vulvovaginal rejuvenation

16:30
18:00 SESSION 4

- **Sexual anti-aging for men and women & how to stay young**
 - Sexual anti-aging for women
 - Sexual anti-aging for men
 - Nutrition and sexual anti-aging

MONACO ADVANCED FACIAL AESTHETIC MASTERCLASS

In depth knowledge of **Clinical Facial Anatomy** combined with **Advanced Injection Techniques** ensure SAFE and Optimal results in Aesthetic Medicine.

The Monaco Advanced Facial Aesthetic Masterclass is aimed at high level discerning doctors in aesthetic medicine. Two modules of The Top Ten clinically relevant Anatomic Zones will be the focus of each yearly masterclass.

Periorbital region will be the focus of the morning program and **Chin & Jawline** will be covered in the afternoon.

Clinically relevant anatomy is mastered and demonstrated by top plastic surgeons who actually operate and see the **live anatomy** of facial tissues on a weekly basis. An equally eminent faculty of specialists have been selected to inject these focus zones and share the most relevant pearls and pitfalls aiming to safeguard and grow your aesthetic practice.

Carefully selected models with challenging features within the focus zones are selected with emphasis on cultural, ethnic and gender variations. The lecture topics will be put into practice in the live show where paired injectors will have ample time to discuss surface anatomy, choice of filler and toxin, mode of injection, precautions and after care.

DIRECTOR

Prof. Facial Plastic Surgery
Italy

AUDITORIUM CAMILLE BLANC

9:00
10:30 HOT TOPICS IN PERIORBITAL REJUVENATION

- Anatomy of Orbicularis oculi muscle, ORL & tear trough
- Toxin in the periorbital region: The natural, elegant touch
- Tear trough filler technique deep approach
- Rheology of fillers suitable for periorbital region
- Prevention & treatment of (periorbital) filler complications
- Combination of toxins & fillers for the aesthetic orbit

11:00
13:00 LIVE SHOW
*Detailed explanation and demonstration step by step.
3 injectors and 3 moderators in 3 patients with different frontalis anatomy,
Caucasian forehead and temple, filling with needle & cannula.*

- **Patient 1:** Toxin in orbicularis oculi & tear trough superficial approach
- **Patient 2:** Tear trough deep approach (filler correction with cannula)
- **Patient 3:** Raising the lateral brow with filler & toxin
- **Patient 4:** Tear trough superficial approach

14:00
16:00 HOT TOPICS IN CHIN & JAWLINE REGION

- Advanced chin & jawline anatomy with emphasis on SAFE layers
- Toxins Do's & Dont's: Mentalis, DAO and masseter
- Pre-jowl sulcus and jawline enhancement before facelift is needed
- Chin & marionette line rejuvenation:
Combination therapies of fillers and EBD
- The masculine jawline & chin: What filler & Where

16:30
18:30 LIVE SHOW

- **Patient 1:** Male masculine jawline enhancement
- **Patient 2:** Chin & marionette area rejuvenation: Violin technique
- **Patient 3:** Elegant smooth feminine chin & jawline
- **Patient 4:** Asian masseter treatment and chin enhancement

WEDNESDAY APRIL 3

AMWC THREADS ACADEMY

7:00
REGISTRATION
& BADGING

Threads provide **new perspectives, new treatments of ageing** in the medico-surgical spectrum. Some are acting on sagging tissues of the face creating a 3D comprehensive modification. Others more superficial are acting as skin support.

Many questions on threads are still opened and need answer on safety, efficacy and longevity.

AMWC THREADS ACADEMY training has been designed to meet the educational need of medical professionals involved in the care of patients with threads, and doctors wanting to add thread treatments to their clinic portfolio.

Aiming for **higher standards of care and better results** for the patients, this educational program will discuss:

- In depth instruction in the anatomy and pathophysiology of the face
- Scientific evidence
- Facial dynamics
- Rheology of threads
- Specific thread techniques
- Technical issues of placing threads, the entry and exit points, directional vectors...
- **Live demonstrations:** How to use absorbable and permanent threads
- Efficacy and long-term safety on threads for facial rejuvenation

LEARNING OBJECTIVES

At the completion of this course, attendees should be able to:

- Understand the concept of **cosmetic threading**
- Successfully integrate the **thread therapy** into their practice
- Know how to properly **evaluate patients, diagnose and treatment** plan to achieve the best outcomes
- Demonstrate an **improved understanding** of how to avoid, manage, and treat possible adverse reactions and complications
- Differentiate the **various approaches** to thread technique to determine that best suited to the patient
- Assess **controversial topics** in thread treatments in order to make more informed decisions

If you're considering offering thread lift treatments to patients, the AMWC THREADS ACADEMY training is not to be missed!
