FUNCTIONAL & AESTHETIC INTIMATE TREATMENTS

We are just starting to discover what injectables, lasers, radio frequency, threads, among others, can do for male and female genital restoration. Our functional and aesthetic intimate course will bring delegates the **latest advancements, techniques and products** being used in top clinics specialized in this field. Furthermore, attendees will have an essential reminder of the theoretical anatomical and functional genital bases.

In the morning we will present a series of **dynamic presentations with videos and essential theory** presented in a didactic fashion by our world-class faculty. In the afternoon, **Live Demonstrations** will provide in detail invasive and mini-invasive procedures, as well as highlight the particularities of the aesthetic and functional demands.

Treatments will be based on **Regenerative Medicine** applied to the restauration and rejuvenation of the female genitalia.

The goal of this pre-course is to provide a **high level, advanced experience, with solid take-aways** that can easily and safely be applied in existing clinic looking to produce the highest quality results.

FUNCTIONAL & AESTHETIC INTIMATE TREATMENTS

ROOM VAN DONGEN

7:00

REGISTRATION & BADGING  

9:00 - 9:20

THEORETICAL ANATOMICAL AND FUNCTIONAL GENITAL BASES

CHAIR: Nicolas BERRENI

- Understanding the basics of Medicine and regenerative surgery

Jérémy MAGALON

9:20 - 10:30

ABOUT INJECTABLES

CHAIR: Nicolas BERRENI

- Mesotherapy and vulvar rejuvenation
- Association Hyaluronic Acids and Botulinum Toxins
- Injectables and genital rejuvenation
- Fat and stem cells: Genital applications

Adrian GASPAR
Nicolas BERRENI
Sherif WAKIL
Massimiliano BRAMBILLA, Stefania DE FAZIO
Stéphane SMARRITO

11:00 - 13:00

ABOUT LASERS, COMBINED RADIOFREQUENCIES, AND CARBOXYTHERAPY AND TISSUE REGENERATION

CHAIR: Nicolas BERRENI

- Rejuvenation and skin-mucosa cosmetics: Stretch marks and scars
- Current cellulite treatment: Lasers and radiofrequencies
- Combined radiofrequencies
- Carboxytherapy and tissue regeneration

Stefano SALVATORE
Massimiliano BRAMBILLA
Zuramis ESTRADA,
Ernesto DELGADO CIDRANES
Isabel HERMENEGILDO

14:00 - 16:00

LIVES AND DEMONSTRATIONS - PART I

CHAIR: Nicolas BERRENI

LIVE DEMO

- Injections of hyaluronic acids and botulinum toxins
- Genital lipofilling
- Lasers / radiofrequencies and carboxytherapy application

Nicolas BERRENI, Stéphane SMARRITO
Massimiliano BRAMBILLA, Gustavo LEIBASCHOFF
Zuramis ESTRADA, Erez DAYAN,
Ivan FISTONIC, Yegor KOLODCHENKO,
Stefano SALVATORE

16:30 - 18:30

LIVES AND DEMONSTRATIONS - PART II

CHAIR: Nicolas BERRENI

LIVE DEMO

- Peeling & injections
- Peeling applications
- Installation of tensor threads
- Cellulite treatments

Philippe DEPRez
Adrian GASPAR
Evgenii LESHUNOV
Massimiliano BRAMBILLA

WEDNESDAY NOVEMBER 4

ADVANCED FACIAL AESTHETIC MASTERCLASS

Even though facial aesthetics is a fast-paced changing field with cultural and ethnical specificities, in-depth knowledge of **clinical facial anatomy** combined with **advanced injection techniques** will always be the pillars to ensure **safe and optimal results** in aesthetic medicine all over the world.

The Monaco Advanced Facial Aesthetic Masterclass is aimed at high level discerning doctors in aesthetic medicine interested in deepening their knowledge and improving their technique, as well as getting acquainted with the latest in facial aesthetics. Each year, we focus on two modules of the **top ten clinically relevant anatomic zones**. This year, we will cover **nose & nasolabial fold** enhancing techniques in the morning program, and cheek and zygoma in the afternoon.

The world's most prominent Plastic Surgeons, who operate and see the **live anatomy** of facial tissues on a weekly basis, will lecture and demonstrate on clinically relevant anatomy. The talks will be followed by an equally eminent faculty of Specialists, selected to inject these focus zones and share the most relevant pearls and pitfalls aiming to grow and safeguard your aesthetic practice.

We will **carefully select models** with challenging features within the focus zones in order to perform the most demanding and sophisticated live treatments. We will also emphasize cultural, ethnic and gender variations so you have the adequate tools should such treatment be required from you.

The lecture topics will be put into practice in the live show where paired injectors will have ample time to discuss surface anatomy, choice of filler and toxin, mode of injection, precautions and after care.

SCIENTIFIC DIRECTOR

Ali PIRAYESH

Plastic & Reconstructive Surgeon,
Netherlands

SCIENTIFIC CO-DIRECTOR

Dario BERTOSSI

Prof. Facial Plastic Surgery,
Italy

CONFIRMED FACULTY

Chytra ANAND

Dermatologist, India

Shino Bay AGUILERA

Dermatologist, USA

Dario BERTOSSI

Facial Plastic Surgeon, Italy

Steven DAYAN

Plastic & Reconstructive Surgeon, USA

Jennifer GAONA

Plastic & Reconstructive Surgeon, Colombia

Ekaterina GUTOP

Dermatologist, Russia

Izolda HEYDENRYCH

Dermatologist, South Africa

Krishan KAPOOR

Plastic & Reconstructive Surgeon, India

Tatjana PAVICIC

Dermatologist, Germany

Aesthetic & Anti-Aging Practitioner, USA

Hervé RASPALDO

Plastic Surgeon, Switzerland

ADVANCED FACIAL AESTHETIC MASTERCLASS

AUDITORIUM
CAMILLE BLANC

7:00

REGISTRATION & BADGING 

9:00 - 10:30

HOT TOPICS IN NOSE & NASOLABIAL REGION

CHAIR: Ali PIRAYESH, Dario BERTOSSI

- Introduction to the Masterclass
- Aesthetic anatomy of nose & nasolabial region
- Toxins Do's & Don'ts around nose, cheek & zygoma
- Medical rhinoplasty: Ethnic differences
- Prevention and treatment of medical rhinoplasty complications including blindness
- The celebrity nose & challenging clients

Ali PIRAYESH
Dario BERTOSSI
Izolda HEYDENRYCH STEGMANN
Jennifer GAONA

Krishan Mohan KAPOOR
Speaker TBC

11:00 - 13:00

NOSE & NASOLABIAL REGION

CHAIR: Dario BERTOSSI

LIVE DEMO

- Patient 1: Medical rhinoplasty & profiloplasty
- Patient 2: Nasolabial fold: The Aussie approach
- Patient 3: Nasolabial fold deep & superficial approaches
- Patient 4: Medical rhinoplasty in Asians

Dario BERTOSSI
Speaker TBC
Anil RAJANI
Hervé RASPALDO

14:00 - 16:00

HOT TOPICS IN CHEEKS & ZYGOMA REGION

CHAIR: Ali PIRAYESH

- Advanced cheek & zygoma anatomy with emphasis on SAFE layers
- Cheek enhancement before, after and vs (mid) facelift
- Cheek enhancement in full faces: rejuvenate & support
- Combined injections and regenerative mesococktails for cheek acne scars

Ali PIRAYESH
Steven DAYAN
Ekaterina GUTOP
Anna Marie OLSEN

16:30 - 18:30

CHEEKS & ZYGOMA REGION

CHAIR: Ali PIRAYESH

LIVE DEMO

- Patient 1: Male masculine zygoma & cheek
- Patient 2: Cheek Layering approach with various G prime fillers
- Patient 3: Peachy smooth feminine cheeks "fine lines"
- Patient 4 Asian cheek challenges: The quest for V shape with filler & toxin
