Croma's wide-ranged portfolio

Croma's high demand on creating innovative and safe products results in a portfolio offering a wide range of state of the art products to the modern medical expert. Besides its broad range of HA Fillers – saypha®, which enables the physician using a reliable product to achieve predictable results, Croma offers an innovative PRP system from Arthrex and long-lasting Princess® Lift PDO threads. The portfolio is completed by a science-based and physician-dispensed bespoke skincare – Univerkskin™, as well as a revolutionary cosmetic line that creates an effective solution to regulate hyperpigmentation, elure™.
