WELCOME MESSAGE

Dear Colleagues and Friends,

As organizers of one of the largest international series of aesthetic and anti-aging medicine conferences, EuroMediCom is proud to host AMWC Asia in Taipei from 6-7-8 May 2022, in collaboration with the Taiwan Dermatological Association (TDA) and the Taiwan Society for Dermatological and Aesthetic Surgery (TSDAS).

Despite the pandemic last year, we held a hugely successful hybrid edition of AMWC Asia, welcoming delegates to our congress in Taipei and virtual delegates on our digital conferencing platform. At the event, delegates received updates on the latest innovations and cutting-edge techniques from a program delivered by some of Asia's leading experts, as well as from educators and KOLs across the globe.

In 2022, we look forward to hosting yet another fantastic event where attendees can continue to acquire new insights, learn from the best in the field and network to create lasting professional relationships. Even though the congress will take place solely in Taipei but a selection of sessions from AMWC Asia 2022 will be available on-demand after the event, on the AMS digital platform (for AMS Premium members only). We strongly believe in continued learning, wherever you may be.

We look forward to warmly welcoming you to beautiful Taipei.
